

2018-19 Policy Council Composition Chart

Policy Council Parent Representatives represent the needs and interests of all PSESD Early Learning program models offered at their center or site. It's important and required to ensure that all center and sites have a link to Policy Council, either by having an elected Parent Representative or creating a communication loop between represented and unrepresented sites.

MINIMUM: Each subcontractor elects at least 2 Parent Representatives. If the subcontractor has both state and federal funds from PSESD Early Learning, 1 parent should be elected from each funding source.

MAXIMUM: Subcontractors may elect additional Parent Representatives from unrepresented sites or if there is a site with more than 94 PSESD Early Learning slots, up to the number of Parent Representatives in the "Maximum" column above.

Subcontractor	Number of Sites	Minimum Required Parent Reps		Total Minimum Required Parent Reps	Maximum Parent Reps	Resource for Determining Maximum Parent Reps
