

# Health and Nutrition Responsibilities Guidance

## Purpose

This document helps site teams understand the essential functions and responsibilities of Health and Nutrition.

## Guidance

The four areas of responsibility within the Health and Nutrition service area listed below.

Function	Responsibility
Enrollment	<ul style="list-style-type: none"> <li>• Ensure completion of a <a href="#">Certificate of Immunization Form</a> for each child.</li> <li>• Verify that all immunizations are current and meet the requirements for enrollment.</li> <li>• Determine the type of health coverage the child has. Refer the parent to appropriate agencies if coverage is needed.</li> <li>• Verify that children and families have a primary care provider and dentist. If not, provide referrals and assist family with obtaining forms to apply for coverage.</li> <li>• Review with the parent the <a href="#">Health History (1-5 years) Form</a> or <a href="#">Health and History (0-12 months) Form</a>.</li> <li>• If needed, develop a <i>Child Health Plan</i> with the parent in consultation with your Health, Nutrition, Safety Coach and the child's health care provider.</li> <li>• If needed, obtain forms for medication.</li> <li>• Have parent complete and sign an <a href="#">Emergency Treatment and Consent Form</a>.</li> <li>• Obtain a copy of physical/dental exams that are up-to-date or plan for the parent to obtain.</li> <li>• Provide physical and dental exam forms and assist parent in completing appointments within 90 days of enrollment if exams are not up-to-date.</li> </ul>
Health support	<ul style="list-style-type: none"> <li>• Work in partnership with parents</li> <li>• Perform screenings for vision and hearing within 45 days of attendance</li> <li>• Complete height and weight measurements within 45 days.</li> <li>• Rescreen vision as needed and make referrals when appropriate.</li> <li>• Consult with your Health, Nutrition, Safety Coach for all hearing rescreens.</li> <li>• Notify your Health, Nutrition, Safety Coach for failed hearing screens.</li> <li>• Obtain instructions from the child's primary care provider for any food allergy or whenever medication is needed at school and consult with your Health, Nutrition, Safety Coach.</li> <li>• Complete a growth screening twice each year (fall and spring – Part Day, Full Day PartYear; at enrollment and then every 6 months – Full Day Full Year).</li> </ul>
